

# News for Firefighter Pensioners

(2006 Scheme and 2015 Scheme)

2026

## The increase this year

This year the consumer price index (CPI) in the twelve months to September 2025 increased by 3.8%. We will increase your pension from 6 April 2026 by the full 3.8% if:

- we have been paying you a pension for at least one year, and you are at least 55 years old, or
- you have recently started to draw your pension which had been deferred for at least a year, or
- you are aged at least 55, your pension was calculated on pay details for a period not ending on your last day of service, or
- we have been paying an ill health pension for at least a year regardless of your age.

### Does this affect everyone?

If your pension began on or after 22 April 2025 you will receive a proportion of the increase as follows:

Date Pension began		Percentage increase
From	To	
22 April 2025	21 May 2025	3.48%
22 May 2025	21 June 2025	3.17%
22 June 2025	21 July 2025	2.85%
22 July 2025	21 August 2025	2.53%
22 August 2025	21 September 2025	2.22%
22 September 2025	21 October 2025	1.90%
22 October 2025	21 November 2025	1.58%
22 November 2025	21 December 2025	1.27%
22 December 2025	21 January 2026	0.95%
22 January 2026	21 February 2026	0.63%
22 February 2026	21 March 2026	0.32%

### How do we work out the increase?

The starting point for calculating the increase is the value of your annual pension at March 2026.

**If you reached State Pension Age (SPA) before 6 April 2016**, payment of the increases to your pension may be shared between Oxfordshire Pension Fund and the government's Department of Work and Pensions (DWP).

Your pension may comprise two elements: Guaranteed Minimum Pension (GMP) and pension in excess of GMP. You are likely to have a GMP if you were a Scheme member between 6 April 1978 and 5 April 1997 and have reached SPA.

The DWP pays the increases on the GMP part of your pension with your state pension. However, Oxfordshire Pension Fund must pay up to the first 3% increase on the GMP generated by any membership after April 1988.

**If you reached SPA after 5 April 2016**, Oxfordshire Pension Fund pays the whole increase on the GMP as part of your pension. The government is investigating possible alternative methods of paying increases to your GMP for those reaching SPA after 6 April 2021. However the current interim arrangement – of paying the increase here with your pension - will continue for the time being.

**For pensioners with no GMP**, the whole of your pension in payment will be increased.

# Payslips and P60s

## Payslips

- Your pension is paid one month in arrears, which means the payment you receive in April reflects the pension payable for April.
- We pay your pension into your bank or building society account on the last working day of each month.
- If you have registered for *My Oxfordshire Pension* you will be able to see your payslip every month, and previous P60s.
- From April 2026 we will no longer be sending you your payslips in the post, unless you have written to us to tell us you do **NOT** want to use *My Oxfordshire Pension*. Please see the section later in the newsletter – “Change to how we send you your payslips” – for more information.
- If you have already told us that you do not want to use *My Oxfordshire Pension*, you will receive a payslip in April and May 2026 in the post if the value of your pension differs by at least £1 (when compared to the previous month) because of either an annual review or a change to your tax code.

## P60s

- Your P60 will be available on *My Oxfordshire Pension* before 31 May 2026. This document, which looks like a payslip, shows the amount of pension we have paid and the tax deducted during the financial year.
- If you have already told us that you do not want to use *My Oxfordshire Pension*, we will post your P60 to your home address. There is no need to contact us again.

# How do we keep in touch with you?

## Changes to My Oxfordshire Pension

Can you believe it is nearly 8 years since we rolled out our member portal? We have recently upgraded *My Oxfordshire Pension* and you will therefore see some changes next time you log in.

Not only does the portal look more modern and user-friendly, but the security of your data has been updated and strengthened.

As we have upgraded cyber-security, you will be asked to go through some new security steps when you log in – this should be easy to do, but our teams will be on hand (in office hours) to help if there are problems.

**Just a quick heads-up:** If you and your partner both have accounts on *My Oxfordshire Pension* and you share the same email address, one of you will need to use a different email address. Our new system doesn't allow two accounts with the same email for security reasons.

## Get online!!

Please sign up to our secure website *My Oxfordshire Pension* at <https://oxfordshire.pensiondetails.co.uk/> to see payslips every month and to keep your personal details and bank account details up to date. You can register at any time even if you have previously decided against. If you also have an active or deferred record, you can see these too when you log in.

## Online access? No thank you!!

Maybe online access is not for you, and if that is the case, you can keep things exactly as they are.

- If you have already told us that you wish to keep the paper correspondence, you do not have to contact us again.
- If you have not registered to keep paper, we will assume that you intend to log in at some point and your paper correspondence will eventually cease.
- If you wish to register to keep paper, please write us a letter telling us you do not want to use *My Oxfordshire Pension*.
- Please note using *My Oxfordshire Pension* does not change how or when we pay your pension.

## Going to live abroad?

We can continue to pay your pension if you move overseas, and you can receive your pension in local currency.

It does take a little while to set up the arrangements, so don't leave this to the last minute. Contact Pension Services for details.

## Tax

Your tax is a personal matter between you and HM Revenue and Customs (HMRC). Our pension payroll team can only operate a tax code change when instructed by HMRC.

Sorry, but we cannot advise on tax matters or act as your representative with the tax office.

## Tax and pension savings

Make sure any personal pension is in payment before age 75.

There may be a high tax charge against a benefit paid after that birthday.

## Tax Enquiries to HMRC

Telephone Tax Helpline **0300 200 3300**. From abroad **+44 135 535 9022**.

You can use Relay UK if you cannot hear or speak on the phone: dial **18001** then **0300 200 3300**.

Please have your National Insurance number ready when you phone.

Tax reference number for Oxfordshire's pension payroll is **075 EZ 29045**.

# Security

## **... for your pension payments**

Remember – if post is returned as Addressee Unknown or Gone Away, or if a pension payment is returned to our bank account, **we will suspend** your pension payments until you contact us.

Bank account changes can be made on *My Oxfordshire Pension* at <https://oxfordshire.pensiondetails.co.uk/> If you don't use **My Oxfordshire Pension**, changes to your bank account must be made in writing to the Pension Services address on this newsletter. Please state your previous account details and make sure you sign the letter. Changes cannot be accepted by e-mail unless a copy of a scanned letter is attached.

## **... of your personal details**

As the Administering Authority of the Fund we hold certain information about you (“personal data”), which we need to administer the Fund. The information is provided by yourself and your former employer. If you believe the information we hold is incorrect contact Pension Services. You will find more details and the full privacy notice on [www.oxfordshire.gov.uk/pensions](http://www.oxfordshire.gov.uk/pensions)

You are welcome to contact Pension Services with any questions about how we use and or share your information, find out more about your rights or to see what information we hold.

## **... of email correspondence**

Oxfordshire Pension Services use an encryption service called Egress Switch to make sure that any personal information we send is delivered securely.

When we send personal or financial information by email you will receive a message to advise you a secure message is waiting.

The instructions from that email to set up your own account are straightforward, but must be followed before you can receive our message. There is no cost to you in using this service to reply to us. You will need to click on the link within the e-mail and not the attachment.

## **... against pension fraud**

We share information with bodies responsible for auditing and administering public funds, in order to prevent and detect fraud.

1. We participate in the National Fraud Initiative, which matches electronic data within and between public and private sector bodies. It helps promote the best use of public funds.
2. We share information about you with other public bodies. This helps to make sure that no pensions are being paid to deceased pensioners or to people no longer entitled to receive it.

Where fraud is committed and pensions are wrongly paid, this must be recovered. However occasionally wrong payments are made because of a genuine error, and this could result in payments to pensioners being increased.

# Considering the future

People often consider making a Will when they retire, which is of course an excellent idea if you have not already done so!

We would also encourage you to think about setting up a Power of Attorney (POA) which allows someone you trust to manage your affairs for you, should you become unable to do so.

If you are married or in a civil partnership, your partner does **not** automatically have authority to do this, nor do your children, even if they are adults. It is therefore worth taking the time to consider setting up a POA while you can still make decisions and exercise choice.

There is useful information about the roles and responsibilities of an appointed attorney on the

following websites:

- <https://www.ageuk.org.uk/information-advice/money-legal/legal-issues/power-of-attorney>
- <https://www.gov.uk/power-of-attorney>

In Pension Services, we are able to make arrangements for paying your pension if you are unable to deal with matters yourself. But it is much better for you and your family if you have already set up your own plans.

Your dependants may also receive a lump sum when you die.

Make sure you check who you have nominated by logging on to *My Oxfordshire Pension*.

# Help with the cost of living

## Have you claimed your pension credit?

There is a separate welfare benefit for pensioners called Pension Credit. Pension credit provides extra income for people over State Pension age on lower incomes.

It has been estimated that around 880,000 households are missing out on Pension Credit because they think it isn't meant for them. Pension Credit can be worth up to £3,900 a year and you may be eligible even if you have your own home or have savings.

Even if you find out you are only entitled to a small amount of pension credit, it is worth claiming. This is because it may help you qualify for other benefits, such as help with heating bills, housing costs, NHS dental care, council tax, and if you are over 75, a free TV licence.

Use the [online calculator](#) to check if you are missing out on Pension Credit – it only takes a few minutes. Or call **0800 99 1234**.

## What about Attendance Allowance?

This is another underpaid benefit. If you are state pension age or older and you are disabled and need help with daily living or supervision for six consecutive months you may qualify for Attendance Allowance. You don't have to have someone caring for you in order to claim. Head to <https://www.gov.uk/attendance-allowance> for more information.

# Change to how we send you your payslips

We would like to give you prior notice of a change to how we distribute your payslips, that's going to happen in April 2026.

From April 2026, we will no longer be sending you your payslips in the post, unless you have written to us to tell us you do NOT want to use our online member portal, *My Oxfordshire Pension*.

In the future, your payslip will be stored securely on *My Oxfordshire Pension*. You will be able to see details of each monthly pension payment, and your online payslip will be HMRC compliant and fully printable.

If you do not want to use *My Oxfordshire Pension*, you must write to us at the address on this newsletter, to tell us. We do not accept online opt-outs by email. If you do not write to us, we will stop sending you payslips.

**Important** - please note - if you have already opted to receive paper payslips, **there is no need to tell us again**. Repeat notifications simply slow down the service for everyone.

# Scams and cold calling

You may think that it could never happen to you, but **scams are on the increase** as criminals look to cash in on the cost-of-living crisis. Scams can be very hard to spot because fraudsters often have credible websites and make false claims, such as being government-approved, to gain your trust. Please be on your guard.

# Update on Pension Tax rules

From April 2024, the Government removed the old Lifetime Allowance (LTA) and replaced it with two new limits that affect how tax-free lump sums are measured. These are:

**The Lump Sum Allowance (LSA)** – the total tax-free lump sums you can take during your lifetime.

**The Lump Sum and Death Benefit Allowance (LSDBA)** – the total tax-free lump sums that can be paid to you or your beneficiaries.

If you have taken a relevant pension lump sum since 6 April 2024, we will need to provide you with written confirmation of how much LSA & LSDBA the payment has used up. You may need to provide this information to other pension schemes if you take a pension lump sum in the future.

You do not need to do anything. Each year, we will simply tell you how much of these allowances you have used.
